PETITIONED

Commissioner of Patents and Trademarks
Attn: John J. Gillon, Jr., Office of Petitions**REQUEST FOR RECONSIDERATION**

Applicant requests reconsideration of the petition dismissed in Paper 6 mailed January 22, 2002 from the Office of Petitions. The declaration of Thomas M. Coester is attached in support of this Request For Reconsideration. Applicant submits that all official mail received by Blakely, Sokoloff, Taylor & Zafman is stamped with the date received and delivered to the docketing department. In the docketing department, documents are either stamped "no docketing required" or "docketed." Had the Notice of Missing Parts been received, it should be reflected in one of the two docketed reports previously submitted. However, an additional docket report is submitted reflecting all docket entries for the relevant date related to Notices of Missing Parts. This further docket report guarantees that no Notice of

Missing Parts was docketed to a wrong client or matter number. Applicant has confirmed that the Notices reflected in this additional docket report do not correspond with the subject Notice of Missing Parts. Had the docketing department erroneously stamped the Notice "no docketing required," the Notice would still have been routed to the responsible attorney, Thomas M. Coester. Upon receipt of the Notice, even if incorrectly docketed, the docketing error would likely have been identified at that point in the corrective docket entry made. Moreover, the Notice would have been paired with the correct file and the response timely submitted. Accordingly, it is respectfully submitted that the subject Notice of Missing Parts was never received and it is respectfully requested that the holding of abandonment be withdrawn.

Respectfully submitted,

BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN LLP

RECEIVED

Commissioner of Patents and Trademarks
Attn: John J. Gillon, Jr., Office of Petitions**DECLARATION OF THOMAS M. COESTER UNDER C.F.R. §1.68**

Dear Sir:

I, Thomas M. Coester, declare as follows:

1. I am a partner in the firm of Blakely, Sokoloff, Taylor & Zafman LLP.
2. When mail is received in this office it is stamped with a date received and delivered to the docketing department. In the docketing department, that mail is either docketed or stamped "no docketing required." The mail is then routed to the attorney responsible for the case.
3. Had the Notice of Missing Parts been received and docketed, it would show up on one of the two docketing reports previously submitted. Had it been stamped no docketing required, the document would still have been delivered to

me prior to being forwarded on to my secretary. It is my practice to verify the docket dates of items received and if necessary, correct the docket to reflect the correct dates. I was awaiting the document both because the timing was consistent with usual expectations and because I received a Notice of Missing Parts for a second case filed the same date as the subject application with common inventors. In view of that receipt, I prepared and forwarded all the relevant documents to the inventors for execution. Such executed documents were received by me on December 7, 2002 and December 12, 2000. They were then retained in a slot in my secretary's area marked "awaiting Notice of Missing Parts" until January 30, 2001 when I sent a first Request For Status in an attempt to discern if the case had been lost within the Patent Office. Since that time they have been in the file.

4. Attached is an additional docket printout reflecting all entries for the relevant date related to any Notice of Missing Parts received by this firm. I have verified that none of these entries relate to the subject case. Accordingly, the Notice purportedly sent by the Office in the subject case was not inadvertently assigned to a wrong client or matter by the docketing department.

5. It is my fervent belief that inasmuch as I was anticipating the arrival of the Notice of Missing Parts, even if it had been misdocketed as No Docketing Required, it would have been routed to me, and I would have correctly paired it with the file and submitted a timely response.

6. I hereby declare that all statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false

statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the United States Code, and that such willful and false statements may jeopardize the validity of the application or any registration that issues thereon.

Respectfully submitted,

Assistant Commissioner for Patents
Washington, D.C. 20231**PETITION TO THE COMMISSIONER FOR ACCEPTANCE OF DECLARATION
AND TO CORRECT OFFICE ERROR UNDER C.F.R. §1.182**

Dear Sir:

In connection with the above-identified pending patent application, to date and since the receipt of the return postcard, no Filing Receipt, Notice of Missing Parts, nor any other Official Action has been received.

Applicants' representative spoke today with Janice Burse, a Customer Service Representative at the Patent Office. Ms. Burse indicated that a Notice of Missing Parts was sent to Applicants in November of 2000. Applicants did not receive this Notice.

The above-identified pending Application was sent on 9/28/00 via U.S. Express Mail (EM014067965US) to the Assistant Commissioner for Patents, Box Patent Application, Washington, DC 20231-0001 along with the required filing fee of \$690.00

and a Utility Patent Application Transmittal. The Utility Patent Applicant Transmittal specified the following correspondence address:

BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN LLP
12400 Wilshire Boulevard, Seventh Floor
Los Angeles, California 90025 USA

Copies of the Transmittal, Express Mail label, the filing fee check, and the return postcard are enclosed with this letter. No Official Communication has been received since the Application was filed.

On 12/8/00, Applicants duly executed a Declaration and Power of Attorney. This was received by Applicants' attorney of record on 12/12/00. The Declaration and a copy of the Power of Attorney are enclosed with this letter. Following execution of these documents, Applicants sent three separate status requests regarding the above-identified pending patent application:

	Date Mailed	Date Received as Indicated on the Return Postcard
1st Status Request	1/30/01	2/02/01
2nd Status Request	3/28/01	4/04/01
3rd Status Request	7/25/01	7/27/01

Again, the Patent Office did not respond to any of these status inquiries. Had any one of the status inquiries been responded to by the Office, Applicant would have been able to address this matter sooner.

In view of the foregoing, Applicants urge the Commissioner to promptly enter the enclosed Declaration and move the above-identified pending application forward to examination as soon as possible.

The Commissioner is authorized to charge the petition fee to Deposit Account No. 02-2666. If necessary, the Commissioner is hereby authorized in this concurrent

and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2666 for any additional fees required under 37 C.F.R. §§ 1.16 or 1.17.

Respectfully submitted,
